## Preamble

The University of Alberta (the Employer) and the Support Staff of the University share a common interest in achieving the University's goal of excellence in teaching, research and service to the community. The University and the Non-Academic Staff Association (NASA) are committed to working together for common goals, recognizing that NASA's role is to represent the interests of its members and the Employer's role is to manage in the best interests of the University.

This Collective Agreement provides a foundation for achieving our common goals of:

- building positive working relationships at all levels of the organization, and
- creating safe, healthy, effective, innovative work environments in support of teaching, research and service excellence.

Support employees make a vital contribution to the University's success. We are committed to creating a work environment that contributes to the overall well-being of staff and enables them to be the "best they can be". We will strive to ensure that all members of the University community achieve their full potential, contribute to the University's success, and are valued and recognized for their contributions. We will help build a sense of pride and community at the University by actively fostering the behaviours, principles and accountabilities that guide our relationship at all levels of the organization.

Our relationship must be based on a high level of trust between the Employer, NASA and Support Staff. In working to build and sustain trust, each party commits to and is entitled to expect frankness and honesty. We also recognize that:

- Mutual efforts at problem solving on issues that affect employee interests can build trust when based on recognition of each party's legitimate role.
- Actions that disappoint reasonable expectations or place the other party in an untenable or embarrassing position can undermine trust and should be avoided.

A trusting, effective working relationship depends on the manner in which we share information and consult with each other on issues that significantly affect our interests. We recognize that:

- It is to our mutual advantage to notify each other in a timely way of issues that may have a significant impact on our respective responsibilities as employer or bargaining agent.
- It is important that University decision makers consider the interests of employees when deciding upon a course of action.
- There is value in consultation on matters that directly affect the interests of NASA and its members.
- Consultation, when engaged in, needs to be timely, meaningful and efficient.
- Some matters may, of necessity, need to be handled with discretion – we need to be clear with each other when the exercise of discretion is necessary.

- Breaches of confidence result in a breach of trust.
- Our interests may differ in particular circumstances, but failure to agree on an issue should not undermine our relationship or the integrity of the process used to discuss an issue.

We recognize that our working relationship relies on respectful behaviour, including:

- Behaving with honesty, consistency and integrity
- Listening to what others have to say, without interruption
- Being open-minded to other's feedback, ideas and suggestions
- Managing emotions
- Identifying and addressing differences quickly, encouraging people in conflict to try to resolve disagreements themselves through constructive, face-to-face dialogue before involving others
- Intervening when personal differences (or tests of will) are impairing ability to solve issues, taking steps to resolve such differences and to re-focus energies on problem solving
- Preventing personal attacks and behaviours that intentionally discredit or undermine others
- Following through on commitments
- Supporting people who work together and processes that promote cooperation, and working to correct disrespectful behaviour
- Making effective use of existing processes to resolve disagreements and overcome impasse

We will work to ensure that all members of the University community understand the importance and value of this Agreement and live up to their Collective Agreement responsibilities.

## ARTICLE 4 \*

### UNION REPRESENTATION

**4.01** The Employer and the Union are committed to joint problem solving. As part of this commitment, the Union has established a Union Steward Program to facilitate employees and supervisors in reaching effective resolutions to problems within the workplace.

#### Union Steward Program

**4.02** The parties recognize that when dealing with issues of labour relations, the most effective resolutions are made by those directly affected. The intent of the Union Steward Program is to allow for the representation of employees to encourage resolution of concerns, complaints, or grievances at the earliest opportunity.

**4.03** (a) The parties agree that it is desirable to have the broadest representation of Union Stewards across the University; and the Union will make their best efforts to ensure that the appointment of Union Stewards is compatible with operational needs so as to avoid over representation or over utilization in any particular work area. Should any Union Steward be over utilized, the parties will meet to review and resolve the matter.

(b) The maximum number of Union Stewards elected will be three per cent of the total number of full-time employees (calculated as at March 31 each year). The number or distribution of Union Stewards may be increased or changed by mutual agreement.

**4.04** (a) The application of the Union Steward Program is intended to improve efficiency in dealing with issues with minimal interference with the operation of the workplace, recognizing that some communication may be made or received at the workplace for the purpose of arranging non-work time meetings.

(b) A Union Steward will be recognized as an official representative of the Union. Decisions and resolutions reached with the involvement of a Union Steward will be treated in the same manner as decisions reached with any other authorized representative of the Union, provided that no agreements are reached that are inconsistent with the provisions of this Agreement.

**4.05** Union activities during regular hours of work are subject to operational requirements. The primary function of an employee is to perform the duties assigned to their position. Requests for time to participate in Union activities will not be unreasonably withheld.

**4.06** (a) Time off with pay will be granted to:

- (i) employees to exercise specific rights under the Agreement;
  - (ii) Union Stewards who require time off work to represent employees in an effort to resolve an issue, including time immediately before and after any required meetings or where the situation is pressing and disrupting the workplace;
  - (iii) the Chief Union Steward to act in the absence of NASA staff, where an employee is entitled to union representation;
  - (iv) a maximum of nine NASA Executive members to attend regular executive meetings, not more than once per week;
  - (v) a maximum of four Negotiating Committee members to attend negotiations and reasonable time for preparation;

- (i) NASA Executive members to attend executive meetings in excess of one per week;
  - (ii) Negotiating Committee members in excess of four for members to attend negotiations and reasonable time for preparation;
  - (iii) employees to attend to Union business, subject to operational requirements; the employee must make the necessary arrangements with their supervisor.

To administer the time off without pay provisions, the Employer will pay the affected employees and invoice the Union for the basic salary and applicable premiums.

**4.07** Subject to operational requirements, where employees work shifts other than those in which meetings under clause 4.06 are being held their time will be dealt with as follows:

- (a) for meetings of less than one full shift, release time will be paid by the Union;
- (b) for meetings of one full shift, release time will be paid either by the Employer or Union as identified in clause 4.06 (a) or (b) above.

**4.08** If, under this Article, it is necessary to request time off during regular hours of work, the employee will:

- (a) not be required to disclose the details of the Union business;
- (b) make arrangements for time off with their supervisor to minimize the impact of their absence on operations; and

(c) report to the supervisor upon their return to work.

- 4.09** The Union will provide written notification to the Director of the names and departments of Union Stewards and Executive Committee members. The Employer will annually provide a list of Department Heads and designations required under the Agreement.
- 4.10** The Union and the Employer will provide the name of the person(s) or designee(s) acting as their “designated official” who will have the authority to act and resolve differences. It is further understood that these person(s) or designee(s) will have the authority for authorizing grievances under Article 14 (Dispute Resolution Process).
- 4.11** The Employer agrees to provide bulletin board space in each department for the purpose of posting information relating to Union business.
- 4.12** Nothing in this Agreement will preclude an employee from discussing problems personal or job related, with supervisors or members of human resources or other representatives of the Employer. Nothing in this Agreement will preclude a supervisor, Department Head, Director or Dean from meeting with a Union Steward, provided no agreements are reached which are inconsistent with the provisions of this Agreement.

  - (c) Where an employee or the Union considers that another person is performing their work in an unsafe manner or is working in an unsafe work environment, they will report the unsafe act or condition to the appropriate supervisor immediately and the provisions of clause 6.02 (a) will apply.
  - (d) If in the opinion of the Director, or designee, an expert opinion is required, the Director will contact an expert authority, including Alberta Labour – Occupational Health and Safety.

**6.03** The Director, or designee, will notify the Union Director of Operations, or designee, immediately upon becoming aware of a serious incident or accident which has caused or has the potential to cause injury to an employee. When the incident involves exposure to a substance that has a potential to cause injury, written information including the date of exposure, identification of the substance, potential symptoms associated with the exposure, and potential short and long-term effects of such exposure will be provided to all affected employees. Copies of this information and a list of affected employees will be provided to the Union. The Director will maintain a record of the incident for future substantiation of employee Workers' Compensation claims.

**6.04** Students will be oriented to the University's established health and safety practices.

Where the design of protective eyewear cannot accommodate the employee's prescription eyewear, prescription protective eyewear will be provided as per clause 6.06 (b).
- (d) Where Canadian Standards Association (CSA) approved protective footwear is required but not provided per clause 6.06 (b), an employee is entitled to:
  - (i) an allowance of \$12.00 per month of service in a position where this protective footwear is required, and
  - (ii) an initial payment of \$100.00 upon completion of the probationary period or trial period in a position where this protective footwear is required, and

## **ARTICLE 8**

### **PERFORMANCE REVIEWS AND INCREMENTS**

**8.01** The parties recognize that the University's success depends on the performance and contribution of every employee. Effective performance management involves a continuous two-way process of communication between an employee and their supervisor focused on:

## **ARTICLE 14 \* DISPUTE RESOLUTION PROCESS**

### **14.01 Recognition**

The Employer and the Union will work together to foster a collegial and productive workplace. Working together requires a commitment to frequent and open communications and joint problem solving on matters affecting the Collective Agreement and/or the Union-Management relationship.

The purpose of the dispute resolution process is to resolve problems, complaints and grievances, between the Union and the Employer, in a timely and effective fashion, and to maintain harmonious working relations.

Both parties recognize their collective duties and responsibilities in these matters.

### **14.02 General Principles**

- (a) **Disclosure**  
The parties will disclose all information/documentation concerning the dispute at the earliest possible opportunity.
- (b) **Grievance Application**

It is the intent of the parties that only one grievance type be dealt with on a particular matter and that said grievance be grieved under the appropriate defined grievance type. However, circumstances may arise where one or more individual grievances may more appropriately be addressed as a group or policy grievance, or vice-versa. The parties will attempt to reach mutual agreement on the appropriate means of processing such grievances.

Where a group or policy grievance is subsequently initiated, all related individual grievances may be placed in abeyance pending the final resolution of the group or policy grievance.

(c) **Time Limits**

Any of the time limits outlined in this Article may be extended or placed in abeyance upon mutual agreement in writing of the parties. All of the time limits referred to in this Article will be exclusive of Saturdays, Sundays, paid holidays or official University-wide days off.

In the event that the initiating party fails to comply with the time limits herein, the grievance will be deemed to be at an end.

Notwithstanding any of the provisions in this Article, the initiating party may discontinue the grievance at any stage in writing and, therefore, such will be deemed wholly at an end.

(d) **Employee's Right to Representation**

An employee's right to representation by the Union is recognized as identified in this Article, and will not be bypassed in this dispute resolution process.

(e) **Facilitation**

At any step in this procedure the Union and/or human resources may be asked to assist in achieving a resolution.

(f) **Expectations**

The parties to this Agreement are committed to resolving problems informally and at the earliest possible step in the procedure.

the parties are unable to agree on an adjudicator, an application will be made to the Minister of Labour to appoint an adjudicator. The cost of the adjudication will be shared equally by the parties.

**18.30** The party initiating the appeal will include the following information in its notice of appeal:

- (a) the grounds for the appeal (as per clause 18.31),
- (b) the particulars in support of the appeal, and
- (c) whether it is believed a hearing is required.

The initiating party will provide its notice of appeal to the other party, the complainant, the respondent and the adjudicator. The initiating party will provide a copy of the investigator's report to the adjudicator.

**18.31** The role of the adjudicator is to determine if either or both of the following has occurred:

- (a) a substantial and fundamental error in process has been made that could not reasonably have been foreseen before the investigator's report was released or was raised but not addressed, or
- (b) the evidence before the investigator does not reasonably support their findings.

**18.32** The adjudicator will be guided by the parties' desire to resolve inquiries under this Article in a timely, efficient and effective manner, while reducing conflict and stress for those involved, and respecting the dignity of all individuals affected by the process. The adjudicator will:

- (a) review the investigator's final report and the notice of appeal;
- (b) conduct a case management meeting with the parties before proceeding;
- (c) at any time during or following the case management meeting as per clause 18.32 (b), consider whether mediation is appropriate and suggest same to the parties;
- (d) determine if a complainant or respondent who is not covered by this Agreement should have standing in the adjudication process;
- (e) determine whether a hearing is required, and if so, whether new information will be received at the hearing and the nature and scope of that information;
- (f) only conduct a new hearing where the justice of the case may require it;
- (g) give full opportunity for the parties and those with standing to be heard;
- (h) normally only address those grounds expressly raised and particularized in the notice of appeal. Where the adjudicator feels duty-bound to expand

beyond those grounds, a case management meeting with the parties must be held before proceeding.

**18.33** The adjudicator may:

- (a) confirm the findings of the investigator in whole or in part, or
- (b) refer the matter back to the investigator with direction, or
- (c) make any finding that in their opinion ought to reasonably have been made by the investigator.

**18.34** The Employer will determine the appropriate remedy(ies), discipline or corrective action(s) no later than ten days after receiving the adjudicator's decision. Within this ten day period, the Employer will notify the Union of any remedy(ies), discipline or corrective action(s) that applies to its members. Remedies will also be considered for members who are the victims of false allegations of discrimination or harassment. A breach of confidentiality may be taken into account by the Employer when determining the appropriate remedy(ies), discipline or corrective action(s).

### **Dispute Resolution Process**

- 18.35** (a) Remedies, discipline or corrective actions may be grieved under Article 14 (Dispute Resolution Process) by the Union on behalf of a member. The dispute will commence at Step Three, and timelines for initiating the dispute will commence from the date the Employer informs the Union of the remedy(ies), discipline or corrective action(s).
- (b) Where the investigator's findings have been the subject of an appeal pursuant to clause 18.29, the parties may mutually agree to appoint the same adjudicator to serve as arbitrator for any related grievance.

## **ARTICLE 19**

### **REDUCED HOURS LEADING TO RETIREMENT**

**19.01** For the period immediately preceding retirement, the employee can apply for reduced hours of work (technically, a partial leave without pay). The reduced assignment of hours shall be one of the following options:

<b>Option</b>	<b>Extent of Reduced Hours</b>	<b>Duration</b>	<b>Salary</b>
A.	½ of regular hours (½ LWOP)	2 years	½ salary
B.	⅔ of regular hours (⅓ LWOP)	3 years	⅔ salary
C.	¾ of regular hours (¼ LWOP)	4 years	¾ salary

- 19.02** During the period of reduced hours of work the full Employer's share of required premium contributions will continue for the following benefit plans as if the employee were on full pay:
- (a) Group Life,
  - (b) Supplementary Health Care,
  - (c) Dental Care.
- 19.03** Long Term Disability would be based on the reduced hours of work and the premiums paid accordingly. The provisions for part-time employees under the appropriate Part A or B will be applied to employees electing this program.
- 19.04** Salary will be reduced commensurate with the reduction in hours of work. Unless unusual circumstances exist, the employee can elect to establish the years with reduced hours as full years of pensionable service. Full salary, as adjusted for negotiated salary increases, rather than the reduced salary would then be used in calculating the pension payable at the end of the partial leave when the employee retires and begins to draw a pension. Should the employee elect to establish the leave period as pensionable service under that plan, the Employer and the employee shall make the appropriate contributions calculated on the basis of unreduced salary rate.
- 19.05** Except as noted in clause 19.04 above or the provisions of the Leave Without Pay article of Common Provisions respecting applications for leave will apply to arrangements for reduced hours of work pursuant to this Article. Once a leave agreement for reduced hours of work and election to retire is approved by the Employer pursuant to this Article, the agreement cannot be amended or rescinded except by mutual agreement between the parties.
- 19.06** The program is considered a leave, subject to the usual provisions. Each case will require approval by the Dean, Director or Trustholder and human resources. Once a leave agreement is concluded it becomes binding on the employee and the Employer.
- 19.07** In order to be eligible, the employee must:
- (a) propose a retirement date within the term of the collective agreement or within the four year period beyond its expiry date, and
  - (b) be eligible to retire on the proposed date (i.e., be 55 years of age with a minimum of two years pensionable service), and
  - (c) have been employed by the Employer for a minimum of 36 consecutive months at the time that reduced hours commence, and
  - (d) meet any other restrictions imposed by the Public Service Pension Plan or Canada Revenue Agency.

### **SERVICE**

#### **Regular and Auxiliary Salary Employees (Operating or Trust)**

- 20.01** Service means cumulative employment of an employee and will be established from the first day of hire and computed on the basis of calendar months of employment, subject to the provisions of this Article.

- 20.04** Approved leave without pay and time on continuous layoff of more than one calendar month will not be counted as service; however, for the sole purpose of reinstatement of illness only (Part A clause 15.08 or Part B clause 8.08) approved leave without pay will count as service.
- 20.05** A Recurring employee who works during their inactive period will have their service adjusted in accordance with clause 20.10 (a) and 20.10 (b).
- 20.06** A Regular employee will forfeit their service when they:

(e) are terminated on probation.

**20.08** Where an employee moves from a position under Part A or B of this Agreement to a position under Part A or B of this Agreement, they will bring their service with them, subject to clause 20.06, 20.07 or 20.13 respectively.

**20.09** Where an apprentice (other than Supplemental Tradespersons), having completed their apprenticeship, becomes a regular journeyman or regular employee in another job title, their apprentice employment time will count as service.

### **Casual and Auxiliary Hourly Employees (Operating or Trust)**

#### **20.10 Calculating Service**

- (a) Hours worked are divided by 142 to arrive at the number of months. These hours will be used to establish a service date when needed.
- (b) Partial months are rounded to the nearest whole.
- (c) Casual and Auxiliary Hourly employees earn service based on their hours worked (exclusive of the premium paid on overtime, vacation and paid holidays).
- (d) When the status of a Casual or Auxiliary Hourly employee changes to Regular or Auxiliary Salary, a service date is calculated based on hours worked, exclusive of overtime, the premium paid on overtime, vacation and paid holidays.

**20.11** No employee may have a service date prior to their start date, or prior to any break of four months.

**20.12** Hours worked as a casual or student prior to July 1, 2006, do not contribute to hours worked.

**20.13** A Casual or Auxiliary Hourly employee will forfeit their service when they:

- (a) voluntarily resign, including position abandonment;
- (b) are dismissed for just cause;
- (c) have a break in employment of more than four months; or
- (d) are terminated on probation.

## **ARTICLE 21 \***

### **DISCIPLINE**

**21.01** (a) The Employer follows a progressive process of discipline. The Employer may discipline, demote or dismiss an employee for just cause.

- (b) Discipline will be administered in a timely manner and maintain the employee's dignity and self-respect. Discipline will not normally be imposed more than ten working days after the conclusion of the pre-disciplinary action(s) taken in accordance with clause 21.03. Therefore, managers and supervisors should first meet with employees to communicate concerns about an employee's performance or conduct. Written correspondence in any form may be used as a follow up to an in-person meeting.

## **21.02 Non-Disciplinary Actions**

The following circumstances do not constitute disciplinary actions:

- (a) **Coaching**

When there are concerns about an employee's performance or conduct, the in-scope supervisor or manager will, as part of the ongoing process of performance management, meet with the employee and make every reasonable effort to clarify expectations, address issues or provide guidance to assist the employee to correct the problem.

- (b) **Letter of Counselling**

An in-scope supervisor or a manager may give an employee a letter of counselling designed to improve the employee's performance or conduct, which outlines performance expectations. The employee may provide a written rebuttal to the Employer's letter of counselling within a reasonable time. Neither the letter of counselling nor the rebuttal will be placed on the employee's Personnel File.

Supervisors and employees are encouraged to share feedback on progress towards meeting the expectations identified in the counselling letter.

By employee written request, counselling letters more than two years old will be cleared from the supervisor's employee file if no further counselling letters, adverse reports or disciplinary actions have been submitted.

- (c) **Relief of Duty with Pay**

An employee may be relieved of duty with pay during an investigation that may lead to discipline and the attendance of the employee at work would hinder the investigation.

## **21.03 Pre-Disciplinary Actions**

- (a) **Consultation with Human Resources**

Managers will consult with human resources prior to conducting any investigation or taking any disciplinary action.

(b) **Investigation**

If a Manager is considering disciplinary action, an investigation into the matter may be necessary to ascertain all the relevant facts prior to making final disciplinary determination. If an employee is required to attend an investigation interview and it could potentially result in subsequent disciplinary action being taken against that employee, they will be entitled to have a Union Representative in attendance and the Employer will inform the employee of this right. The Employer will make every reasonable effort to arrange with the Union, in advance, the date/time and location of the meeting at which the investigation interview will occur. The Union will make every reasonable effort to accommodate the scheduling of the meeting. An employee required to attend such a meeting will be provided with no less than five hours notice of the meeting and will be advised of the nature of the investigation.

**21.04 Employee Right to Representation**

An employee has the right to have a Union Representative present during any investigation interview or disciplinary meeting.

**21.05** An employee notified of an investigation interview or formal disciplinary meeting, and who then makes a claim under Article 15 Part A or Article 8 Part B (Illness and Proof of Illness) will have no extraordinary rights under this Article.

**21.06 Disciplinary Actions and Due Process**

The progressive discipline process outlined below provides for increasingly serious actions to be taken by the Employer if a problem with an employee's conduct or performance is not resolved after using the appropriate non-disciplinary actions. The process is increasingly important as the employee's service with the Employer lengthens. The Employer will follow this process in sequential order, except when the particular circumstances of a case justify moving immediately to a more serious action.

(a) **Disciplinary Meeting**

- (i) Prior to taking any disciplinary action, the Employer will discuss the proposed action with the Union Representative. The Employer will make every reasonable effort to arrange with the Union, in advance, the date/time and location of the meeting at which the discipline will occur. The Union will make every reasonable effort to accommodate the scheduling of the meeting.
- (ii) When the Employer has made a determination that an employee will be disciplined, the employee will be notified that a meeting will be convened specifically for that purpose. The Employer will also advise the employee of their right to Union representation.
- (iii) The Employer will hold a disciplinary meeting with the employee.

(b) **Written Reprimand**

A written reprimand given to an employee by the Employer will include reasons for the reprimand and expectations for future performance or conduct.

(c) **Suspension Without Pay**

Where a suspension without pay is given to an employee, the Employer will provide written reasons to the employee including the length and time of the suspension, and expectations for future performance or conduct.

(d) **Demotion**

Where an employee is demoted, the Employer will provide written reasons to the employee including expectations for future performance or conduct.

(e) **Dismissal**

Where an employee is dismissed, the Employer will provide written reasons to the employee.

(f) **Employee Written Rebuttal**

The employee may provide a written rebuttal to the Employer of any disciplinary action taken.

### **21.07 Access to Dispute Resolution Process**

The employee will have the right to apply Common Provisions Article 14 (Dispute Resolution Process) following any disciplinary action.

### **21.08 Notification If Employee Unavailable For Disciplinary Meeting**

If the employee is unavailable for a disciplinary meeting, the notification of discipline will be deemed received if personally delivered or mailed by prepaid registered mail. When the notice is mailed, it will be deemed received within five days of the date of mailing.

### **21.09 Employee Review of Personnel File**

By written request, an employee will be entitled to examine the contents of their Personnel File in human resources during regular hours of work. By employee written request, adverse reports and disciplinary actions more than two years old will be cleared from the employee's Personnel File if no further adverse reports or disciplinary actions have been submitted.

### **21.10 Apprentices**

For apprentices this Article will not apply to the conclusion of the employment relationship which arises either by the conclusion of the apprenticeship program or the failure on the part of the apprentice to meet the requirements of the

*Apprenticeship and Industry Training Act or Regulations*, including but not limited to the requirements to attend trade school, and no grievance will be filed on account thereof.

## **ARTICLE 22**

### **LEAVE WITHOUT PAY**

- 22.01** Where an employee applies for a leave of absence without pay, it will be granted subject to approval of the Employer.
- 22.02** An employee may be granted leave of absence without pay to seek election for political office at the local, provincial or federal level. The leave period and other leave arrangements will be appropriate to the circumstances as approved by the Employer.
- 22.03** An employee elected to a political office at the provincial or federal level may request a full time leave of absence without pay to fulfil their elected responsibilities.
- (a) Full time leave without pay or benefits will be granted for the first term of office.
  - (b) Upon the end of the first term in office, the employee will within one month notify the University of their desire to return to the University.
  - (c) The employee will be placed on the recall list in accordance with Part A clause 20.05 (c) (iv) or Part B clause 15.06. No other terms of Part A Article 20 will apply.
- 22.04** Upon written request, an elected Union official will be granted a leave of absence without pay. At the request of the Union, the Employer will continue all salary and benefits during the period of leave and invoice the Union, or place the employee on a leave of absence without pay or benefits for the duration of the leave.

## **ARTICLE 23**

### **UNIVERSITY CREDIT COURSES**

- 23.01** After one year of service, and on the recommendation of the Department Head/Trustholder, full-time employees will have tuition fees remitted for University of Alberta credit courses on the following basis:
- (a) The Employer will remit fees to a maximum of 18 units of course weight in an academic calendar year of which up to 12 units of course weight can be taken in the Fall and Winter terms.

- (b) Remission of fees will include only instructional fees and will not cover books, supplies and other costs. An employee approved for tuition fees is not required to prepay the fees.
- (c) A maximum of three units of course weight per term (Fall, Winter, Spring, Summer) may be taken during the employee's regular hours of work on the recommendation of the Department Head/Trustholder and on the mutual understanding that the employee's job requirements are fully met. Make up time arrangements between the Department Head/Trustholder and the employee will be finalized before approval will be granted. An employee on approved absence during regular hours of work to attend a course is not eligible for overtime compensation until the equivalent of working time missed has been made up.
- (d) A separate request for remission must be provided for each academic session.
- (e) Employees are responsible for registration and providing proof of registration.
- (f) Approval of subsequent credit courses is contingent upon evidence of completion being submitted to the Department Head/Trustholder.

### **23.02 Part-time Employees**

The provisions of this Article will apply; however, clauses 23.01 (a) and (c) will be amended as follows:

- (a) a part-time employee will have tuition fees remitted for three units of course weight in an academic calendar year, and
- (b) course (s) will be taken outside a part-time employee's normally scheduled hours of work.

**23.03** This Article will also apply to employees at locations other than Edmonton.

- 23.04**
- (a) When tuition remission has been approved and the employee is then advised that they are to be laid off, they will have the right to proceed with the learning opportunity regardless of its commencement date and the Employer will honor all approved reimbursement.
  - (b) Subject to mutual agreement between the parties, individual limits for tuition remission may be waived for employees on layoff status or about to be laid off.

- 23.05**
- (a) No employee will have access to tuition remission once they have left the employ of the Employer, subject to clause 23.04.
  - (b) When a credit course has commenced prior to the effective date of an employee's resignation or dismissal, the employee will not be required to repay any portion of the approved tuition remission to the Employer.

- (c) When the credit course is to commence on or after the effective date of an employee's resignation or dismissal, the employee will either drop the course or assume full responsibility for the tuition.

## **ARTICLE 24**

### **HUMAN RESOURCES DEVELOPMENT FUND**

- 24.01** The Employer and the Union are committed to learning and development for Support Staff. As part of this commitment, the Employer has established a Human Resources Development Fund (the Fund). As of April 1st of each year, the Fund will be allocated \$400,000 to be administered by the Director.
- 24.02** The primary purpose of the Fund is to enable employees to access learning opportunities (courses, workshops, seminars, in-school apprenticeship training or programs).
- (a) The Fund does support opportunities that will:
    - (i) enhance their capacity to perform work, or
    - (ii) prepare for an expanded or different role.
  - (b) The Fund does not support:
    - (i) general interest courses (e.g., hobbies, crafts, recreational memberships),
    - (ii) job-specific training required for the employee's current role,
    - (iii) training required by legislation for the employee's current role,
    - (iv) University of Alberta credit courses (Article 23).
- 24.03** The parties encourage discussion between the employee and their supervisor, as part of the on-going performance management process, to identify learning and development plans and potential learning opportunities where the Fund may apply.
- 24.04**
- (a) A Regular or Auxiliary employee will be entitled to a maximum of \$750 per fiscal year to fund learning opportunities which meet the criteria outlined in clause 24.02.
  - (b) A Casual Level 2 employee will be entitled to a maximum of \$500 per fiscal year to fund learning opportunities which meet the criteria outlined in clause 24.02.
  - (c) Funding will include reimbursement for registration and course fees, course materials, examination fees and, where applicable, reasonable out-of-town expenses for travel, meals and accommodation, but will not normally cover membership fees.
  - (d) There will be no carry over of any unused portion of an employee's maximum entitlement to a subsequent fiscal year.

**24.05** A Regular employee may request permission to use their future annual entitlements to a maximum of \$1,500 for:

- (a) A specific program of studies offered by an approved post-secondary institution where the program is part of a long term learning plan that, in the judgment of the employee in consultation with their supervisor, meets the criteria outlined in clause 24.02.

Where the identical program of studies is available at the University of Alberta, the employee will access that program.

- (b) Attendance at a major international conference that, in the judgment of the employee in consultation with their supervisor, is of mutual benefit to the employee and the work unit.

Where such program or conference is approved under this Article, the employee will not be eligible for funding in the following fiscal year.

**24.06** Learning opportunities under this Article may be accessed during an employee's regular hours of work, subject to the approval of their supervisor. Where the learning opportunity is of mutual benefit to the employee and the department, the time off will be with pay. In other cases, make up time arrangements between the employee and the department will be finalized prior to approval being granted. An employee on an approved absence during regular hours of work is not eligible for overtime compensation until the equivalent of working hours missed have been made up.

**24.07** (a) The employee will pay course fees directly to the applicable institution or University of Alberta department concerned and be reimbursed through the Fund upon providing proof of payment. Where a department pays on behalf of an employee, the department will be reimbursed through the Fund.

- (b) When an employee cancels, fails to attend or complete an approved learning opportunity without legitimate reasons, they will be fully responsible to reimburse the Fund for all costs associated with the cancellation.

- (c) All receipts for reimbursement must be submitted no later than 45 calendar days after the scheduled learning event. If receipts are not received in this time frame reimbursement will not be made. The previously approved funds will be made available to other applicants.

**24.08** (a) When funding has been approved and the employee is then advised that they are to be laid off, they will have the right to proceed with the learning opportunity regardless of its commencement date and the Employer will honour all approved reimbursement.

- (b) Subject to mutual agreement between the parties, individual limits for this funding may be waived for employees on layoff status or about to be laid off.

- 24.09** (a) No employee will have access to the Fund once they have left the employ of the Employer, subject to clause 24.08.
- (b) When an approved learning opportunity has commenced prior to the effective date of an employee's resignation or dismissal, the employee will not be required to repay any portion of the approved reimbursement to the Employer.
- (c) When an approved learning opportunity is to commence on or after the effective date of an employee's resignation or dismissal, the employee will either cancel the training or fully repay to the Employer all monies already paid on their behalf. The employee will be fully responsible for all costs associated with the cancellation.
- 24.10** Where, by June 30, utilization figures indicate that there is an unused portion of the Fund, the Learning and Development Committee (HRDF) will jointly agree to use the unused portion to fund the development of learning opportunities for employees during the next fiscal year.
- (a) The Terms of Reference for the Learning and Development Committee (HRDF) are described in Common Provisions Appendix E.
- (b) The committee has the authority to make decisions regarding strategic disbursements of the funds.

## Monetary Settlement

The parties agree that there will be changes to the pay scales as follows:

Y1 (Apr 1, 2019 - Mar 31, 2020): 0%

Y2 (Apr 1, 2020 - Mar 31, 2021): 0%

Y3 (Apr 1, 2021 - Mar 31, 2022): 0%

Y4 (Apr 1, 2022 - Mar 31, 2023): effective the first day of the 10th month (i.e. Jan 1, 2023): 1.25%

Y5 (Apr 1, 2023 - Mar 31, 2024): effective the first day of the 6th month (i.e. Sept 1, 2023): 1.5%, plus the potential for an additional 0.5% increase based on Gain Sharing Formula\*

### \*Gain Sharing Formula

Alberta's 20-year average (2000-2019) of Real Gross Domestic Product (GDP) is 2.7%. Provided that the "Average of All Private Forecasts for Alberta's Real GDP" for 2023 Calendar Year is at or above 2.7% as of February of 2024, then an additional 0.5% will be added to wages retroactively effective on the first day of the sixth (6th) month Y5 (i.e. September 1, 2023).

"Average of All Private Forecasts for Alberta's Real GDP" for 2023 Calendar Year would be a simple average of Alberta's Real GDP for 2023 across the following independent forecasting institutions:

- Conference Board of Canada
- Stokes Economics
- BMO Capital markets
- CIBC World Markets
- Laurentian Bank
- National Bank
- RBC Royal Bank
- Scotiabank
- TD Bank

The most recent publicly available forecast for Alberta's Real GDP for 2023 would be sourced from each institution at the time the pay-out determination would be made in February 2024.

**APPENDIX B**  
**Letter of Understanding**  
**Support Staff Benefits Committee**  
**Terms of Reference and**  
**Agreement Respecting Benefits Cost Management**

**Section 1 – Core Philosophy**

1. NASA and the University of Alberta have a common objective of supporting both individual and organizational health at the University of Alberta. Benefit plans play an important role in the objective.
2. The benefit plans for NASA members are an important component of their total compensation. The objectives are to ensure comprehensive protection arising from loss of life, disability and loss of health, proactive support to achieve health, valued benefit coverage, tax effective delivery, and financial sustainability of the benefit plans.
3. The University and NASA recognize that the cost of benefit plans for support staff and their dependants is an important investment in health and productivity. Both parties are committed to developing strategies for effective joint management of the benefit plans so that they continue to be financially sustainable over the longer term.
4. The support staff benefit plans are a strategic component of the University's health and wellness strategy (including "Becoming the Healthiest University in Canada", as recommended by the Senate in 2003), which is designed to support achievement of the University's mission.
5. The benefit plans are important resources for non-academic staff in the attainment of their personal health and welfare.
6. The benefit plans will continue to evolve and be responsive to the changing needs of the members. The following will be key factors for consideration of the direction of the benefit coverage:
  - (a) The benefit plan design will reflect the importance of providing sufficient member coverage for catastrophic events. Catastrophic coverage includes coverage to protect against infrequent events which can occur suddenly and can dramatically affect the support staff member and/or family's financial independence and quality of life.

Some examples of this include life insurance protection in the event of a death, long term disability insurance in the event of extended illness, coverage for prescription drugs not provided under provincial medicare or

other agencies such as the Alberta Cancer Board, financial assistance for medical aids and home adaptation expenses required as a result of permanent disability and out-of-country emergency medical and hospital benefits in the event of an accident or illness.

- (b) In addition, the benefit plan design will provide suitable coverage for medically necessary health related supplies and services which are prescribed and delivered by a medical professional in support of a medical condition or disease.

Some examples of medically necessary supplies and services include drugs requiring a prescription, physiotherapy services in response to an acute condition, and inside Canada hospital and ambulance benefits.

- (c) Once catastrophic and medically necessary coverages have been considered, the plan may then focus on the funding of incidental and discretionary supplies and services. This includes health related supplies and services chosen by an individual for supportive or proactive care which do not present a high level of financial risk to the support staff member and/or family and may assist the maintenance of the quality of life.

Some examples of these discretionary expenses include laser eye surgery, private hospital rooms, smoking cessation products, paramedical services for proactive health care, such as massage therapy, and dental veneers.

- (d) The plan design would strive to meet the diverse needs of the benefit plan participants over time, and could result in consideration of some flexibility and individual choice for certain benefits. This could also include the introduction of product and pricing partnerships with specific health service providers (for example, frames and lenses providers).
- (e) There will be complete cost/benefit analysis of the short and long term financial, administrative and employee and organizational health implications of any benefit plan changes.
- (f) The benefit plans should deliver tax effective value for cost to the participants of the plan, and maintain a reasonable level of administrative costs.

## **Section 2 – Guiding Principles**

1. The parties acknowledge a shared responsibility between NASA, the University and individual staff members (including their families) for financial sustainability and judicious use of the benefit plans.
2. The University and NASA acknowledge responsibility to provide opportunities for non-academic staff to better understand the complex and interrelated issues which impact on employee benefit plan costs and their effective management.

3. The University and NASA acknowledge responsibility to educate and support non-academic staff in taking actions to improve their health and well-being thereby impacting both the benefit plans and the overall health care system.
4. NASA and its members acknowledge that there is a degree of individual accountability to become more knowledgeable and responsible as health care and benefit plan consumers, as benefit plan costs are directly linked to negotiations regarding future total compensation levels.
5. The University and NASA recognize that benefit plans are supportive in nature, and need to continue to evolve to be more preventative and responsive by adapting to the changing needs of our employees/members, as they move through their respective work and life cycles.

### **Section 3 – The Support Staff Benefits Committee**

1. The committee will consist of three representatives (and one alternate) from each of the parties. The committee will have two alternating chairs with one representing each party. The parties may, by mutual agreement, incorporate additional parties into the committee (e.g., tripartite or as a resource).
2. The committee will meet at least once every three months, or more if deemed necessary.
3. The committee will have the ability to create ad-hoc sub-committees to deal with specific issues or concerns and will provide the appropriate terms of reference for the sub-committees. The members of these sub-committees may or may not be members of the committee.
4. The committee will review all statutory and non-statutory benefit plans to monitor the continued effectiveness of the plans and associated policies and procedures to ensure that reasonable and necessary coverage will be provided.
5. The committee will review aggregate financial and claims data related to the plans. If deemed appropriate by the committee, it may also seek other relevant data; however, the committee will not be privy to information at the individual level.
6. The committee may make recommendations to the University and NASA regarding amendments to the benefit plans that will make them more effective or result in greater efficiencies.
7. The committee can determine and resolve and/or adjudicate claim disputes with respect to whether the claim has been adjudicated in accordance with the master policy agreements. The committee may adjudicate LTDI policy claims but not medical claims, which are determined by a medical review board. The committee's jurisdiction is restricted to the master policy agreement and the Collective Agreement. Any information that is provided to or shared by any

committee member will be maintained in the strictest of confidence and will not be disclosed without mutual agreement.

#### **Section 4 – Benefit Cost Management Principles**

The following benefit cost management principles form the basis upon which the Support Staff Benefits Committee will jointly manage the NASA group benefits program for the term of the Collective Agreement:

1. While the parties need to acknowledge and work to address short term benefits cost management issues, long term cost management strategies are vital to achieving true sustainability of the benefit plans.
2. The Benefit Cost Management Model used by the parties must provide a transparent and credible method for tracking benefits costs, which allows for meaningful comparisons between NASA and other staff groups. The model must also enable the parties to appropriately take account of inherent differences between the groups.
3. The cost management target must be rigorous and defensible and allow for effective cost management within the total compensation framework. The parties acknowledge that benefit cost increases must be “paid for” out of the negotiated total compensation framework.

#### **Section 5 – Benefit Cost Management Model**

1. The Benefit Cost Management Model (including defined statutory benefits) will be employed, with cost management targets established by the University and NASA Bargaining Teams, based on the total compensation framework agreed to by the parties (with equity adjustments, outlined below).
2. The committee will jointly manage the benefits program to achieve the cost management target at the end of the term of the Collective Agreement.
3. If adjustments are indicated throughout the term of the Collective Agreement due to unforeseen fluctuations in claims (higher than expected utilization, government cutbacks, changes to statutory benefits, etc.), the committee will conduct research on the short and long term financial, administrative and employee and organizational health implications, develop and review options and provide recommendations to the University of Alberta and NASA.
4. Following the end of the term of the Collective Agreement, any positive or negative variance to the total allowable benefit allocation will flow through to be the joint responsibility of both parties for the subsequent bargaining period.
5. The Benefit Cost Management Model for the term of the Collective Agreement will include the following benefits:

- (a) Employment Insurance
  - (b) Workers Compensation
  - (c) Canada Pension Plan
  - (d) Long Term Disability
  - (e) Life Insurance
  - (f) Bridge Benefits
  - (g) Supplementary Health Care
  - (h) Employee and Family Assistance Program
  - (i) Dental Care
  - (j) Remission of Tuition
  - (k) Other benefits agreed to by the parties
6. The committee will evaluate the Benefit Cost Management Model results on an annual basis and report to the parties at the end of the term of the Collective Agreement.

### **Section 6 – Equity Adjustment**

1. It is understood there are inherent differences between support staff and academic staff groups, related to demographics and salary.
- (a) With lower incomes (i.e., lower disposable income), NASA members place great value on health care benefits which are not related to salary. The flat dollar amount per month for benefits for NASA members represents a more significant percentage of the total compensation package than for academic staff.
  - (b) The annual salaries for a significant percentage of NASA members are below the maximum insurable earnings for statutory benefits (i.e., EI, CPP, and WCB). It is recognized that the cost of these benefits will increase with salary increases, in addition to changes in rates and maximum insurable earnings. This means there is more of an increase for NASA members than for academic staff for these statutory benefits.
2. An equity adjustment will be included within the Benefit Cost Management Model. Inherent differences between support staff and other staff groups will be appropriately taken into account with the equity adjustment.

### **Section 7 – Sustainability Target**

1. A dynamic sustainability target of 7.5% of annual benefit cash flow will be established.

2. The plan should be regularly monitored with the objective of accruing the sustainability target at the end of term of the Collective Agreement. The parties will agree on methods to reduce any cumulative variance using realistic cost and inflationary assumptions and allowing for adequate notice of any plan changes. It is acknowledged that each party will have their own internal processes that may be required to authorize any particular changes to the plan.
3. The plan will be credited with any excess revenues in years where spending is below the agreed upon rate of increase and hence provide supplementary revenues in following years where spending is above the agreed upon rate of increase. If the cumulative variance accumulates to an amount well in excess of the sustainability target, the parties will agree to distribute or redirect these cost savings in a reasonable way.

This committee has the authority to strategically disburse funds to ensure maximum utilization as described above.

**Objectives:**

The Learning and Development Committee (HRDF) provides oversight to the use of HRDF resources. This may include but is not limited to:

1. Reviewing and anticipating Support Staff learning needs based on multiple inputs including changing priorities of the University, and formal needs assessments and monitoring of workplace trends such as employee demographics (local, national and global), lifestyles, and diversity.
2. Enhancing awareness and communication of learning and development opportunities and communicating learning needs to various learning service providers.
3. Examining how HRDF systems and processes can be integrated to streamline Support Staff development.
4. Prioritizing organizational learning needs related to Support Staff professional development.
5. Assisting in removing barriers limiting Support Staff professional development such as workload, time, and finances to the degree possible.
6. Allocating surplus HRDF funds to targeted programs and projects based on identified needs.
7. Investigating and resolving and/or adjudicating situations arising from HRDF applications or approvals that may not be in the best interest of Support Staff or the University.

8. Acting as a communication conduit to senior advisory councils, committees or users of the Fund.
9. The committee may make recommendations to the University and NASA regarding changes to the HRDF including funding changes, the size of the fund and allocations as well as its processes and/or procedures. An activity report will be provided to the parties on an annual basis.

### **Membership**

Joint Chairs a senior representative from the learning and development unit (appointed by the Director)

President or designated member, NASA

Members two representatives appointed by NASA

one additional representative from the learning and development unit (appointed by the Director)

one non-NASA UofA staff member who acts as a supervisor (appointed by the Director)

### **Meetings**

At the call of the Chair(s), but normally the Committee meets three times a year: September, January, and June.

**APPENDIX F \*\***

**Letter of Understanding**

**Long Term Disability Plan Review**

The parties agree to complete a joint review and rewrite of the Long Term Disability Plan with a view to updating and modernizing it.

As part of this review, the parties are to consider whether or not to include new provisions that address long term partial and progressive disabilities and ways that would allow participants the opportunity to work when able to do so while limiting any negative financial consequences.

The parties further agree that the rewrite will endeavour to produce a “plain language” document that is understandable to the average person.

## **APPENDIX G \***

### **Letter of Understanding**

#### **Discrimination and Harassment Complaints**

##### **Formal Complaints and Investigations**

###### **Initiating a Formal Complaint**

1. Formal complaints will be submitted in writing to the intake officer, normally within six weeks of the events giving rise to the complaint. It is recognized that the more time that elapses, the more difficult it is to investigate, respond to and substantiate the complaint.
  - (a) A discrimination complaint must be submitted within one year after the alleged contravention occurs.
  - (b) A harassment complaint must be submitted within six months after the alleged conduct or comment occurs. The time period for filing such a complaint may be extended to one year after the alleged conduct or comment occurs, provided the complainant produces medical evidence demonstrating that they were medically unable to file the complaint within six months.
2. Formal complaints will contain the name of the complainant, the name of the respondent, the nature of the complaint, the precise details of the alleged conduct, and the remedy requested. Formal complaints will not proceed in the absence of these particulars.
3. The intake officer will provide the Union with a copy of each formal complaint if the complainant or respondent is a member of the Union.
4. The intake officer will review the formal complaint and make a determination on whether or not the complaint:
  - (a) is timely
  - (b) is complete as per #2 above
  - (c) falls within the definition of discrimination or harassment.
5. The intake officer will assume the statements contained in the formal complaint are accurate solely for the purpose of determining whether the complaint falls within the definition and whether it should proceed through the process. A decision to proceed with the complaint does not mean that discrimination or harassment has occurred.
6. The intake officer may seek clarification of the details of the formal complaint from the complainant.

7. Within ten days of receiving the complaint, the officer will inform the complainant of whether the complaint, based on their review, meets the requirements as per #4 above. If so, the intake officer will refer the complaint, stipulating any portions that do not fall within the definition, if any, to a case manager within the ten day period.
8. If the intake officer determines the complaint, in whole or in part, does not meet the requirements of #4 above, the officer may recommend other measures to address the concerns that fall outside the scope of Article 18 (Discrimination and Harassment Complaints).
9. If the Union on behalf of the complainant disagrees with the decision of the intake officer, the Union may appeal the decision to an external adjudicator. If the parties are unable to agree on an adjudicator, an application will be made to the Minister of Labour to appoint an adjudicator. The cost of the adjudication will be shared equally by the parties.
10. Appeals will be initiated within five days of receiving the officer's decision. The adjudicator will assume the statements contained in the formal complaint are accurate solely for the purpose of determining whether the complaint falls within the definition and should proceed through the process. The adjudicator will respond in writing to the complainant and intake officer within five days of receiving the appeal. The decision of the adjudicator is final and binding on the parties. If the adjudicator decides in favour of the complainant, the intake officer will immediately refer the complaint to a case manager.

### **Case Management**

11. Within five days of receiving the referral from the intake officer, the case manager will:
  - (a) inform the appropriate manager of the formal complaint,
  - (b) provide a copy of the formal complaint to the respondent,
  - (c) inform the complainant, respondent and appropriate manager (separately) of the rules of application governing confidentiality, disclosure of the information, the right to representation, and prohibitions on retaliation or reprisal,
  - (d) review and confirm interim working arrangements,
  - (e) instruct the respondent to provide an initial written response to the complaint within five days of the respondent receiving the formal complaint,
  - (f) advise the complainant and respondent that they will have an opportunity to provide additional information during the process, and
  - (g) inform the Union that a complaint involving one of their members has been received.

12. Methods for addressing a formal complaint include:
  - (a) affirmation of the complaint by the respondent,
  - (b) withdrawal of the complaint by the complainant,
  - (c) voluntary mediation,
  - (d) other alternative dispute resolution methods agreed by the parties, and/or,
  - (e) Formal investigation and binding resolution.
13. The case manager will confirm the appropriate method for addressing the formal complaint within five days of receiving the response from the respondent.
14. Throughout the process, complainants, respondents, and witnesses are expected to make themselves available in a timely manner, so as not to delay the process. The Union Representative's role, as outlined in clause 18.16, is to facilitate the investigation and resolution of a complaint. Any excessive delay may result in the investigator changing the order of interviews, conducting interviews by phone, requesting responses to questions in writing, or concluding the investigation without the participation of that individual. The investigator is authorized to instruct employees of the Employer to participate in the process and to impose reasonable time limits for their participation. A failure to comply with the investigator's directions may constitute misconduct and subject the employee to discipline.

### **Interim Working Arrangements**

15. The case manager in consultation with the Union, complainant, respondent and manager will consider interim working arrangements to:
  - (a) reduce the potential for escalation of the complaint,
  - (b) ensure safety at the workplace,
  - (c) protect the confidentiality of the complaint,
  - (d) avoid the appearance of bias or the presumption of guilt,
  - (e) reduce the potential for retaliation or reprisals arising from the formal complaint, and
  - (f) minimize disruption to the workplace.
16. Interim working arrangements may include:
  - (a) steps to restrict or prevent contact between the complainant and respondent,
  - (b) temporary modification of work duties, including reassignment or transfer,
  - (c) temporary changes in reporting relationships,
  - (d) temporary paid or unpaid leaves of absence, and

- (e) any other steps that may be appropriate under the circumstances.
17. The Employer is responsible for establishing interim working arrangements and will ensure that they are communicated to the minimal number of people who need to implement or be aware of the arrangements.

### **Affirmation of a Formal Complaint**

18. If the respondent affirms the complainant's description of events relating to the formal complaint, the case manager will:
- (a) ensure all relevant details relating to the complaint have been documented and confirmed by the complainant and respondent, and
  - (b) refer the matter to the appropriate manager for consideration of remedies, corrective action, discipline or other measures.

### **Voluntary Mediation**

19. The purpose of voluntary mediation is to allow the complainant and respondent to fully explore the issues raised by the complaint and to achieve resolution by mutual agreement. For mediation to be successful, both parties to the complaint must be willing to enter into free and respectful discussion of the issues and be open to solutions that consider the needs of each other.
20. Participation in mediation is voluntary. A complainant or respondent will not be prejudiced by their decision to decline voluntary mediation. Throughout mediation, discussions are considered off the record and only resolutions reached by mutual agreement and confirmed in writing are binding.
21. Where the complainant and respondent have agreed to voluntary mediation, the case manager will choose a mediator from the list agreed to by the Union and Employer pursuant to Common Provisions, Article 7 (Labour/Management Committee), taking into consideration the nature of the complaint and the availability of the mediator. The case manager will be responsible for communication with the mediator and will ensure that the mediator has all necessary background information.
22. The mediator will arrange a meeting as soon as possible but in any case not later than ten days from the date the complainant and respondent agree to mediate.
23. The mediator will provide the complainant and respondent with a list of expectations of behaviour for the meeting and will help create a safe environment for the mediation to proceed. The mediator and participants will control the process in determining whether resolution is possible or mediation is unsuccessful. The complainant or respondent may withdraw from mediation at any stage of the mediation process.
24. The mediator will keep the case manager informed of the status of the mediation.

25. Agreements reached through mediation will be documented and approved by the complainant and respondent. Agreements that affect other employees or require special arrangements at the workplace also require the approval of the Employer. Where the complainant and respondent agree that all issues have been resolved through mediation, approved agreements will constitute a final and binding resolution of the complaint.
26. The case manager will inform the Union and the appropriate manager of the outcome of the voluntary mediation process.

### **Formal Investigation**

27. A formal investigation will be initiated if the complainant and respondent are unable to resolve the complaint, and/or the Employer determines that a formal investigation is required.
28. The Employer will assign an investigator from a list agreed by the Union and the Employer pursuant to Common Provisions, Article 7 (Labour/Management Committee).
29. Before commencing an investigation, the investigator will be briefed jointly by the parties. The investigator will be guided by principles set out in the guidelines developed by the parties, and may also ask for advice and directions from the parties at any time during the process.
30. The investigator will follow the principles of due process and natural justice as described under the Rules of Application.
  - (a) the investigator will interview the complainant, the respondent, and anyone else the investigator determines has information relevant to the complaint.
  - (b) the investigator will review pertinent documentation. All those involved will make reasonable efforts to cooperate with the investigation.
31. The Employer may request the investigator to provide recommendations as part of the report of their findings. The investigator may provide recommendations for managing current situations or preventing similar circumstances from recurring, but will not recommend remedies, discipline or corrective action.
32. The investigator may assist the parties in achieving resolution of the complaint through voluntary mediation at any time prior to finalizing the report of his/her findings. Agreements reached through mediation will be documented and approved by the complainant and respondent. Agreements that affect other employees or require special arrangements at the workplace also require the approval of the Employer. Where the complainant and respondent agree that all issues have been resolved through mediation, approved agreements will constitute a final and binding resolution of the complaint.

- 33.** If resolution is not achieved through voluntary mediation, the investigator will complete the investigation and prepare a draft report of his/her findings. The draft written report will be provided to the complainant and respondent.
- 34.** Upon receipt of the draft report, the complainant and respondent will be given a one-time opportunity to comment on, confirm, or provide additional information based on their understanding of the events. Any responses from the complainant and respondent must be submitted in writing to the investigator within five days of receiving the draft report.
- 35.** The investigator will submit his/her final report to the case manager. The case manager will provide copies of the investigator's final report to the complainant and respondent and to the Union if the complainant or respondent is a member of the Union.
- 36.** Where there is no appeal of the investigator's findings, the Employer will determine the appropriate remedy(ies), discipline or corrective action(s) no earlier than ten days and no later than twenty days after receiving the investigator's findings. Within this period, the Employer will notify the Union of any remedy(ies), discipline or corrective action(s) that applies to its members. Remedies will also be considered for respondents who are the victims of false allegations of discrimination or harassment.

It is the intent of the parties that an agreed-upon tripartite Unified Procedure will be used in place of this procedure and portions of Article 18 in cases where the Union represents only the complainant or respondent and another association represents the complainant or respondent.

5. The Employer will assign an investigator from a list agreed by the Union and the Employer pursuant to Common Provisions, Article 7 (Labour/Management Committee).
6. The investigator will be guided by principles set out in the guidelines developed by the Union and the Employer (most recent document approved at Labour/Management Committee January 18, 2018).

7. The Investigator will follow the principles of due process and natural justice as described under the Rules of Application contained in Common Provisions, Article 18 (Discrimination and Harassment Complaints).
  - (a) the investigator will interview all employees identified as having knowledge of the situation, and anyone else the investigator determines has information relevant to the situation under investigation.
  - (b) the investigator will review pertinent documentation. All those involved will make reasonable efforts to cooperate with the investigation.
8. Throughout the investigation process all employees identified as having knowledge of the situation are expected to make themselves available in a timely manner, so as not to delay the process.

The investigator may provide recommendations for managing current situations or preventing similar circumstances from recurring, but will not recommend remedies, discipline or corrective action.

### **Letter of Understanding**

#### **Voluntary Personal Leave Plan**

The parties agree to the establishment of a Voluntary Personal Leave Plan (PLP) to take effect no earlier than July 1, 2022. The PLP will offer the opportunity for eligible employees to request leave without pay up to a pre-determined maximum number of days. The eligibility parameters and other considerations for the PLP will be established annually by the parties and require mutual agreement, including whether or not the PLP is implemented in any given year.

## **APPENDIX I**

### **Letter of Understanding**

#### **Consultation Guidelines - Parts A Article 20 and B Article 15 (Position Disruption)**

The purpose of consultation within the context of the above articles is:

- (a) To enable the Employer and the Union to engage in open, constructive and respectful dialogue about impending changes or decisions by the Employer that may significantly and substantially impact the terms and conditions of employment for employees.
- (b) To give the Union an opportunity to provide informed input into the impending changes or decisions as they relate to employees, and to enable the Employer and the Union to explore a range of viable alternatives.

The benefits of consultation include:

- (a) Assisting the Union in understanding the potential effects of position disruption so that it may advise employees in such a way as to allow them to make decisions in the best interests of their careers.
- (b) Enabling managers to meet organizational needs or requirements.
- (c) Assisting in maintaining respectful relationships.

Consultation is expected to take place when the impact on employees of impending changes or decisions is probable but not certain.

For consultation to be effective, participants need:

- (a) To share information about impending changes or decisions, including factors that will be taken into consideration when a final decision is made. Such information needs to be timely, accurate and relevant.
- (b) To place a priority on the consultation process, to avoid unnecessary delays, and to remain focused on meeting the purpose of consultation.
- (c) To have a genuine opportunity to provide informed input and suggest alternatives.
- (d) To be able to respectfully voice their concerns, to share information, and to offer alternatives without being bound by them.
- (e) To behave with discretion and respect confidentiality.
- (f) To recognize the sensitivity of discussions, and to behave in accordance with the Collective Agreement Preamble, during and following consultation.

- (g) To respect the outcomes of the process, recognizing that other actions (e.g., Dispute Resolution) may be appropriate.

Consultation is not:

- (a) Limited to “informing” or “advising”. Consultation involves sharing relevant information and allowing a reasonable opportunity to provide input before a final decision is made.
- (b) Joint decision-making. Although there is value in dialogue and achieving solutions that all will support, the final decision on when and how to proceed rests with the University in accordance with the Collective Agreement.
- (c) Open-ended. Consultation needs to begin at the appropriate time and proceed quickly, within clearly defined time frames.

### Recognition of University Service From Outside the NASA Bargaining Unit

  - a. The change in service shall be applied as of the date the request was received by HR.
  - b. There shall be no retroactive change in entitlements (e.g., vacation time).

## APPENDIX K

### Payment of Professional Accreditation for Support Staff

Effective January 1, 2017

This Letter of Understanding applies to support staff (Operating or Trust) who are required by their department or faculty to have professional accreditation, certification or designation as a requirement of their job.

To be eligible an employee must have professional accreditation, certification or designation listed as a requirement in the knowledge section on the Job Fact Sheet for the position they hold. The professional accreditation, certification or designation is usually for a Regulated Occupation<sup>1</sup> in Alberta or otherwise required by legislation to complete the duties of a job. Human resources will make a determination when there is doubt as to whether a professional designation is, in fact, a requirement of the job.

First Aid, WHMIS and drivers' licences are not eligible for reimbursement under this Letter of Understanding.

The Employer will provide a yearly maximum reimbursement or payment of \$500, which can include a combination of:

- (a) Specific fees related directly to eligible accreditation, certification or designation; and
- (b) Professional association dues where an employee is required to be a member in order to maintain the eligible accreditation, certification or designation.

Eligible reimbursements or payments will be made based on the fees or dues payment schedule. For example:

- (a) If such fees or dues are payable annually, an employee can claim up to \$500 annually.
- (b) If such fees or dues are payable every two years, an employee can claim up to \$500 once every two years.
- (c) If fees or dues are payable semi-annually, an employee can claim up to \$500 annually.

Eligible reimbursements would not normally be reimbursed if they occurred in a previous fiscal year. Employees are strongly encouraged to submit for reimbursement in the current fiscal year.

<sup>1</sup> <http://www.albertacanada.com/opportunity/work/credentials-regulated-occupations.aspx>

The responsibility for the cost resides with the authorizing department or trustholder.

Note: Trust employees will not be eligible for reimbursement under this Letter of Understanding if such payment is prohibited by the funding agency.

  - (a) Casual Level I vs Casual Level II, Supplementary Tradespersons, Apprentices; and
  - (b) Trust vs Operating.

[NOTE: It is recognized that the review of Supplementary Tradespersons and Apprentices may not result in alignment due to the impact of outside contracts or legislation.]
2. The joint committee shall have 4 members appointed by each party.
3. The joint committee will first meet no later than 2 months following the date of ratification and thereafter as agreed but at least once every two months.
4. The joint committee shall be assisted by a 3rd party mediator as agreed by the parties; fees shall be shared 50/50.
5. On or before December 31, 2023, the joint committee shall prepare a joint recommendation to be presented to the parties' respective bargaining teams for 2024 negotiations. Failing agreement on a joint recommendation the mediator will prepare a Mediator's Report containing recommendation for settlement of the issues.
6. Any proposed changes to the collective agreement contained in the joint committee recommendation or the Mediator's Report shall identify any associated cost implications.
7. This LOU expires on March 30, 2024.

## APPENDIX O

### University of Alberta Disciplinary Process

*(This policy applies to employees covered by the Non-Academic Staff Association but it is not part of the Collective Agreement and is included for information purposes only.)*

#### 1. Definition of Discipline

In the administration of discipline, the University uses the corrective behavioral approach of a progressive disciplinary model (e.g., verbal reprimand, written reprimand, increment withholding, suspension, demotion and dismissal). This does not preclude the University from analyzing, on a case-by-case basis, the circumstances and facts of a particular situation(s) and taking a level of disciplinary action or other type of action deemed appropriate.

The key element in disciplinary action is that of warning, in that the instance(s) or incident(s) is/are serious enough to require a disciplinary penalty. Disciplinary actions can include the element of forewarning in that a more serious disciplinary penalty may be used in the future if such action is repeated and/or certain related matters occur or reoccur. The situation(s) requiring a disciplinary penalty is/are serious in that it/they cannot be tolerated nor condoned.

The following do not constitute disciplinary actions:

- (a) letters of concern regarding innocent absenteeism,
- (b) constructive criticism as part of an annual performance appraisal process,
- (c) job or work related instructions,
- (d) relief of duty with pay pending review and/or investigation,
- (e) ongoing coaching - counseling discussions (including training).

The emphasis in dealing with performance problems is through the use of ongoing coaching and counseling approaches. These approaches recognize that early intervention can help overcome problems and weaknesses and are not disciplinary in nature. Increment withholding may be taken in instances of marginal or unsatisfactory performance, incompetence and/or unsuitability. It is the intent of the University to use a written reprimand as the disciplinary document in instances of increment withholdings. Performance appraisals, counseling letters/reports, etc., may be used as support documents for the above.

It is recognized that employees have a provision in the Agreement to allow them to rebut to the criticism in the appraisal, as such the contents are not disciplinary. Further, the performance appraisal interview is a process designed for the participation of the employee and supervisor only.

## **2. The Right to NASA Representation**

The University recognizes an employee's right to NASA representation in the following meetings regarding discipline with the employee:

- (a) formal investigation interviews into matters/conduct that the University believes may ultimately lead to disciplinary action,
- (b) a meeting convened for a disciplinary purpose.

When the University is to conduct a formal investigation interview, which may ultimately lead to discipline, the employee will be advised of their ability to have NASA representation if the employee so chooses, at any such meeting.

When an employee is to be disciplined to the extent of formal disciplinary action (written reprimand, increment withholding, suspension, demotion or dismissal), such discipline will only be imposed at a meeting convened for that purpose. A supervisor requiring an employee to attend any such disciplinary meetings will advise the employee of their ability, if the employee so chooses, to be accompanied by a recognized NASA representative.

## **3. Representation by NASA**

The role of an individual when representing an employee during the above noted instances is to:

- (a) observe the process and witness the undertakings,
- (b) advise the employee of any rights during the process,
- (c) assist the employee, without interfering or impeding the disciplinary process, in discussing the issues involved.

Notwithstanding that the affected employee(s) may receive disciplinary action, no person who is a participant during the disciplinary process will be subject to any reprisals. NASA has undertaken that representatives and employees will attend any such requested meeting in an agreed and timely fashion.

## **4. Responsibility of the Employee**

The responsibility of the employee is to attend and to respond directly to questions posed to them by representatives of the University during any meetings covered by this policy. Failure to attend a meeting or respond directly to questions posed may result in subsequent disciplinary action.

## **5. Authority to Take Disciplinary Action**

At the University, all disciplinary action will be taken under the authority of the Department Head and/or his/her designee. In disciplinary matters, including but not limited to written reprimands, increment withholding, suspension, demotion or

dismissal, the Department Head and/or his/her designee will consult with human resources prior to taking any disciplinary action.

**6. Responsibility of Campus Security, Audit and other investigative units/departments**

Campus Security, Audit and any other department/unit charged with the responsibility of investigating some incident that may ultimately lead to disciplining an employee, will inform human resources when it becomes apparent that an employee will be potentially affected by any disciplinary action.
